Devon La Har

I hope that you have had time for physical relaxation, mental introspection, and renewed relationships this summer!

I've been fortunate to spend time with our branch members during July and August, and I continue to be amazed at their individual and collective depth of wisdom and life experience! They inspire the rest of us to engage in mission-based activities that increase access to economic and educational opportunities for women of every age. Thank you for sharing yourselves!

I encourage you to continue challenging yourselves this fall:

- look for *Grapevine* mini-bio's of our AAUW-LPD branch members beginning in the October issue
- get involved in a mission-based activity or special-interest group (contact information in the *Grapevine* or at our 9/29 Fall Kick-Off event)
- educate yourselves to act through such online resources as AAUW California 's advocacy information at <http://www.aauw-ca.org/advocacy/>

**SEPTEMBER EVENTS you want to attend!****Equal Work/ Equal Pay** speaker Aileen Rizo

4-6 PM 9/22/2018 Richard Trudeau Conference Center

11500 Skyline Blvd, Oakland 94619

Free admission. Register for seating online at <http://bit.ly/AdvancingPayEquity9222018> or call (510) 303-6225.

What would you do if you discovered that your male coworker earned much more salary than you? Does prior salary perpetuate the gender pay gap? Speaker **Aileen Rizo** discovered that she was paid less than her male colleague who had less experience and seniority. Aileen filed suit against the Fresno County Office of Education under equal pay and gender discrimination laws. Her lawsuit ( supported by AAUW Legal Advocacy Fund ) led to California having some of the strongest equal pay laws in our country!

Don't miss this rare opportunity to hear from a woman who acted to further equal pay for women! Carpool with a friend and share what you learn.

**AAUW-LPD Fall Kick-Off**

Join us for food and inspiration! Share light refreshments while you learn more about our branch educational activities and special-interest groups.

Our program will highlight young women who will share their educational experiences made possible through our branch programs: our three 2018 AAUW-LPD Local Scholarship recipients and eight of our 2018 AAUW-LPD Tech Trek Scholarship recipients who attended Camp Curie at Stanford last month.

**LOCAL SCHOLARSHIP NON-EVENT** Ginny Reineking [ginny@aauw-lpd.org](mailto:ginny@aauw-lpd.org)

## STEM UPDATES

### STEAM DIVAS

After a successful launch last Sept., a plan for LPD's 2<sup>nd</sup> annual STEAM Divas program for 5<sup>th</sup> grade girls in the Livermore school district has begun in a committee co-chaired by Mekena Metcalf and Ann Willoughby. Girls will participate in a half-day, fun-filled program attending 3 hands-on workshops taught by LPD members and other local female professionals that encourage girls' interest in STEAM. As part of our continued engagement with and involvement in leadership training for LPD Tech Trek graduates, these young women assist at STEAM Divas serving as workshop aides. The date for the program will be determined with the school district and is planned for a Saturday morning this coming Oct. or Nov. LPD members interested in assisting can contact Ann Willoughby at [steamdivas@aauw-lpd.org](mailto:steamdivas@aauw-lpd.org). The time commitment is minimal. Volunteers are particularly needed to assist with developing and presenting a 60-90 minute parent program about encouraging daughters to consider STEAM choices; handling printed materials, giveaways and goodie bags; helping with school district liaison understudying the current LPD lead; and assisting the day of the event. A description of last year's event can be found in our Nov. 2017 newsletter: <https://lpd-ca.aauw.net/files/2012/05/November-2017.pdf>. With another successful event this fall, our intent is to expand STEAM Divas to the Pleasanton and Dublin school districts next year.

### PLANNING FOR COLLEGE

Another new program we are offering after a successful pilot last spring is Planning for College. The committee chair is Diane Keller, a retired college advisor. We are fortunate to have her as a LPD member. Diane has a wealth of knowledge and this program addresses a critical need in the Tri-Valley. We will be offering two sessions: the first a 9/10<sup>th</sup> grade event will be held on Wednesday, October 17<sup>th</sup> from 7-8:30. The 11<sup>th</sup> grade event will be held Thursday, October 2<sup>th</sup> from 7-8:30. Both will be at the Robert Livermore Community Center and open to young women from the five Tri-Valley high schools. More information will be available at the September 29<sup>th</sup> kickoff luncheon. **However we have one critical need** that can't wait until then and **we need your help**. If you, through your own or your children, have **any contacts with the PTA's at any of the 5 valley high schools** please contact Anita Massey at [STEM@aauw-lpd.org](mailto:STEM@aauw-lpd.org) or Diane Keller.

### TECH TREK

After a very busy spring and summer Tech Trek is quietly beginning to gear up for the 2018-19 school year. It will be a busy one as I understand we have a new middle school in Dublin to add to our 10 existing campuses. I had the privilege of attending Camp Curie this summer as a dorm mom and after seeing the program up close and the impact on so many young women I want to thank each and every one of you for everything the branch does in support of this program. As in the past our trekkers have been invited to the September 29<sup>th</sup> luncheon and hopefully will convey their thanks in person. They each wrote thank you notes which I will share over the coming months.

### TVEYH (TRI-VALLEY EXPANDING YOUR HORIZONS)

AAUW-LPD has been a long-standing partner with Lawrence Livermore and Sandia National Laboratories and the Danville-Alamo-Walnut Creek AAUW branch in the annual Tri-Valley Expanding Your Horizons (TVEYH) Conference. The Conference attracts some 300 6<sup>th</sup>- 9<sup>th</sup> grade girls annually from local school districts for a fun-filled day of hands-on STEM (science, technology, engineering and math) workshops that spark girls' interest in and encourage their pursuit of STEM-related education and career choices. LPD members serve as volunteers at the annual TVEYH Conference, primarily as workshop aides. LPD Tech Trek graduates also assist at the Conference. The next TVEYH Conference will be held on Saturday, February 23<sup>th</sup> at Diablo Valley College San Ramon Campus.

### TECHNOLOGY FROM TINA Tina Amber [socialmedia@aauw-lpd.org](mailto:socialmedia@aauw-lpd.org)

As your social media board member, I will be using this column to update members on technology issues each month. This month we will review "Evite". 

Evite is a social media system that was developed to manage invitations and allow hosts and attendees to easily communicate with each other. Although there are other systems, this is the easiest and most commonly used system.

You may have noticed that AAUW-LPD has began to use Evite to manage attendance at our monthly functions. Evite has a couple of great features - it allows the host to have an up to date count on attendees. It also allows the host to send messages without having to deal with a myriad of emails, if for instance, additional information needs to be sent out for an event.

You can access Evite two ways.

1. [www.evite.com](http://www.evite.com). Set up a personal account to access evites from AAUW and any other organization that use Evite. You can RSVP here to events.
2. Download the app on your smartphone (preferred and easier method.) With one click you will be able to access all pending Evites and also RSVP via your phone. If you have not downloaded an app, I can help you with the process. No sign in is needed.

At this point we have not set up each of the AAUW subgroups in Evite (example, Book Clubs). If you are the organizer of a group and would like to set up and use Evite, contact me at [socialmedia@aauw-lpd.org](mailto:socialmedia@aauw-lpd.org) and I will assist you with the process.

The Evite system is free.

Tina

The Scholarship Foundation is looking for new members. Meetings each year are minimal. Serving on the committee includes fundraising and reviewing scholarship applications. That's when you marvel about these young women of today! Then you have to make hard decisions. Please contact Ginny Reineking at 925-846-4527.

## Our 2018 Scholarship Winners !!

All 3 will give a short presentation at the Fall Luncheon on September 29, 2018. Come and meet them!

It is because of your generous donations this year that we were able to offer scholarships to these deserving young ladies

Here are their photos as well as a short description about each of them.

Susan

**Samantha Valdez** attended Granada High School in Livermore and is now attending U.C. Berkeley. She is majoring in Women's Studies with a minor in History. When Samantha was eighteen, she set up an Outreach Program to build a water well in Ghana. She has been an intern for Congressman Eric Swalwell in his Castro Valley office and was hired as his district scheduler. She has received several honors including Psi Beta National Honor Society and a Golden Key Honor Society. Her goal is to obtain her teaching credential and teach Women's History.

**Roujheen Sabetan** comes from Pleasanton and graduated from Amador Valley High School in 2016 as an AP Scholar with Distinction. She recently completed two years at Las Positas College and received an award for an outstanding student in Cell and Molecular Biology as well as our AAUW Tribute to Excellence Award. She will be transferring to U.C. Berkeley this fall as a public health major with an emphasis on nutrition. Roujheen has worked as a nanny and private tutor and also has volunteered at Axis Community Health Clinic in Pleasanton and Livermore. She has spent time serving as a peer mentor for middle schoolers in the Tri-Valley area. After graduation, Roujheen hopes to obtain a masters degree in public health, focusing on community-based settings and underserved health.

I'm **Amber Barnstead**, from Pleasanton. I graduated from Amador Valley High School in 2015, then went on to study at Las Positas College in Livermore. It was not until I took a Political Science class at Las Positas that I discovered my passion for the subject. Since graduating from Las Positas College with highest honors, I enrolled at Sonoma State University. I have just completed my first semester there, majoring in Political Science and minoring in History. With this degree, I hope to get a job in local government, as I think that local government has the greatest impact on a person's day-to-day life.

### AAUW-LPD Annual Board Goal-Setting

Our AAUW challenge: Kimberly Churches (AAUW National CEO) asked AAUW members "...what are we doing to ensure that we are demonstrating a *measurable* impact?" on advancing educational and economic access for women. Measuring impact is difficult for most organizations, but our board will continue to work toward Ms. Churches' call to action.

Our board reviewed action steps taken toward the 2017-18 priority branch goal:

#### INCREASE COMMUNITY VISIBILITY/NAME RECOGNITION

We then set branch priority goals for 2018-19:

- *Increase access to education for women in Livermore-Pleasanton-Dublin through our on-going programs (Tech Trek, STEAM Divas, Planning for College, local scholarship). Collect baseline data to determine participation, which will allow for measuring both those reached and increased use in future years.*
- *Develop and implement a process for gathering metrics for branch events/activities so that we can determine results (what we have achieved). Use this process to collect baseline data during 2018-19.*
- *Investigate online systems for sharing and archiving branch information so that it can be accessed by current and future AAUW-LPD board members. Choose a system to implement for a 3-month trial period to determine its effectiveness, as measured by survey of board members' use.*
